

1. I love to listen to K-LOVE . I fully suport K-LOVE because this station encourages me . This station is very up beat and positive and is a light in this dark world.
2. alot of my friends listen to K-LOVE too. If K-LOVE were to be displaced it would be very depressing. I don't think there would be a station to replace K-LOVE. The community would be greatly effected because of it's positive attitude and it rubs off on the people. just like the Rap music brings anger and discord.
3. This station is well liked. my children enjoy it. like I said alot of my friends listen to it. I would much rather have my children listen to this station. You don't have to worry about what language you or anyone else will hear. It is not just for mature listeners. It is like a drink of fresh water.The pubic receives good imformation and hope from this station. please lets keep this station in the community.
